

Come Chat With Us About Getting Prequalified!

**Sebasticook Valley
Federal Credit Union**

Your Community Credit Union, Making A World of Difference

What to expect: This meeting can be in person, over the phone, or even through email. Usually running 15-30 minutes, depending on your scenario, we dive into your numbers without running your credit to see what your specialized situation looks like. We educate about loan options and what those entail, including the process of them. This gives you a chance to ask all the questions you need to ensure you are comfortable moving forward.

Information Needed:

1. A list of your monthly payments that report on your credit. This could include credit card payments, vehicle payments, personal loans, student loans, recreational loans, etc.
2. Proof of income (A recent paystub works great!). If self-employed, we would require the most recent two years of taxes.
3. Rough amount needed to finance. Doesn't need to be to the penny at this step.

**Either of our convenient locations in Pittsfield or
Newport are happy to help out!**
